Peaches 2024

Tree-Ripened, Hand Picked, Juicy, Flavorful,
Direct from the Orchard!

Dear Valued Customer,

First and Foremost, we would like to express a sincere thank you to our customers who purchased Colorado Peaches from us in the past. It is once again time for our large annual delivery of fresh and delicious peaches. We have received word from the growers in Colorado that the crop this year is going to produce very good sized, juicy, and excellent tasting freestone peaches. These peaches will be of the same top quality you have come to know and expect for the past 23 years! We pride ourselves on the quality of product we provide to you and are very excited to be able to once again offer these wonderful Colorado peaches. The peach orchard has made a very good packaging upgrade this season. In an effort to reduce bruising there will be 2 separate flats per case. Each flat will contain one layer of peaches. This change will still provide you with the same amount of peaches as you have been accustomed to over the years. The price for these great tasting premium peaches will be \$48 per case.

These peaches are grown with great care and are **hand picked, hand packed**, and loaded **immediately** into a truck for the trip to you at our locations for peak perfection. Order yours today and pass this information along to your family, friends, and neighbors. Enjoy and remember us again next year! To reserve your case or cases of peaches orders need to be **prepaid and received no later than Monday August 5th, 2024.**

To reserve your peaches please send your prepaid check by August 5th, 2024 to:
